Disposal of Green Waste in the American Valley Area

The Plumas County Solid Waste Division announces the continuation of the Green Waste Receiving Program for the disposal of woody and non-woody green waste for the American Valley area of Plumas County.

Woody and non-woody green waste is being accepted at the Quincy Solid Waste Transfer Station on Abernathy Lane at a reduced rate of \$5 per cubic yard, only on Saturdays from 9 AM to 5 PM. Green waste contaminated with other types of waste will be charged at the non-reduced rate of \$17.44 per cubic yard. On all other open days at the Transfer Station, green waste will be charged at the non-reduced rate of \$17.44 per cubic yard. No stumps or large blocks of wood will be accepted at the Quincy Solid Waste Transfer Station.

Disposal of Green Waste in the Lake Almanor Basin

The Plumas County Solid Waste Division announces the opening of the Green Waste Receiving Program at the Chester Landfill for the disposal of woody and non-woody green waste for the Lake Almanor Basin area of Plumas County.

Effective immediately, green waste will be accepted at the Chester Landfill at a reduced rate of \$5.00 per cubic yard only on certain days: Friday and Saturdays – from 9 AM to 5 PM.

Only green waste will be accepted at the Chester Landfill. Green waste contaminated with other types of waste will be rejected by the onsite attendant. All loads are subject to strict load checking by the facility attendant. No stumps or large blocks of wood will be accepted at the Chester Landfill.
