Letter to the public from the Director of Plumas County Mental Health.

Plumas County Mental Health (PCMH) has a state approved Community Services and Support (CSS) Implementation plan. The CSS plan covers the period from July 1, 2006 to June 30, 2008. A progress report on the period of July 1, 2006 through December 31, 2006 is required for submittal to the state Department of Mental Health (DMH). Plumas County's CSS Implementation Progress Report is based on guidance provided by DMH and is now available for public review and comment from June 13, 2007 through July 13, 2007. This document is available both in hard copy at your local library and electronically accessible on Plumas County website <http://www.countyofplumas.com>.

We invite you to provide feedback on the **CSS Implementation Progress Report**. Public comment forms are included @ the end of report and on website. Please complete and send this form to:
